

INFINITREE

supports your bottom line

The INFINITREE advantage

INFINITREE is a highly engineered polymer providing the maintenance-free look and feel of wood without fading, **ideal for the outdoor furniture market**

- Maintenance-free, 100% engineered plastic
- Made with a minimum of 70% post consumer waste
- Backed by our **5 year product performance warranty**
- Our products are **time tested** in furniture, decking, cladding, window and door applications
- Retains its **beautiful wood appearance...**
UVCON accelerated weather tests show **no visible color shift** or strength reduction after 1500hrs = 3 to 5 years outdoor exposure

Supports more
than just a meal...

INFINITREE
WHAT WOOD SHOULD BE

INFINITREE

supports your bottom line

Extensive research, development, and testing

Yields a far superior chemical formulation enabling
INFINITREE to consistently outperform local Chinese PS:

- **BEST** Stain resistance
- **BEST** Anti-Warp performance
- **BEST** Burn protection (Sunshield)
- **BEST** UV/Fade longevity

North American manufacturing quality control standards

- **Significantly** low number of consumer returns
- **5 year** product performance **warranty**
- Head office in Oakville, Ontario, Canada
- Manufacturing located in Linhai, Zhejiang, China

Unparalleled engineering and technical support at your disposal

- **Lowers your cost** — reduces engineering and design expenditures
- **Saves time** — gets your product to market faster

In-store marketing materials

Leverage our effective consumer-focused materials for use with your products:

- Easy-peel “I’M NOT WOOD” stickers feature a bold statement that attracts a lot of attention to your products
- “Easy, Beautiful, Green, Forever” hang tags, draw in those who crave more detailed information
