

Raise your glass... to a new standard.

### INFINITREE SUNSHIELD.

Our proprietary technology, has all but eliminated the “wine glass effect” — creating peace of mind for you and your customers.

**With Infitree Sunshield**

**Untreated**

- Infitree Sunshield products are not immune from marking under extreme conditions. However, **Infitree Sunshield will consistently and significantly outperform “untreated” polystyrene.**

- “Wine glass effect”: **Large unsightly gouges**, that will often appear on the surface of “untreated” PS.

**We invite you to test our product and see for yourself.**
